

Worksite & Facilities Assessment Checklist

This assessment evaluates the physical characteristics of a building or work area to gauge the potential for each commute program strategy. It also provides the information needed for possible improvements to the worksite. Here are the key factors a company will need to look at:

Assessment	Use	
Parking - An inventory of how many spaces and what types (employee, visitor, carpool, etc.), how much they cost to lease or maintain, and an analysis of how the availability meets the need for parking	 Identifying cost of current condition Planning for preferential parking Evaluating the potential for a parking cash-out program 	
Transit Routes* - A complete listing of transit routes divided by the nearest stop's distance from the worksite in four categories: < 1/4 mile, 1/4 mile, 1/2 mile, 1 mile	 Helping employees examine the feasibility of taking the bus to work 	
Bike/Walking Accessibility and Facilities* - A list of what (if any) facilities are available for bicycles/walkers, such as sidewalks, bike lanes, bike racks, lockers and showers	 Helping employees examine the feasibility of biking or walking to work Planning for facility improvements to encourage these modes 	
On-Site Facilities/Services - A list of amenities for employees like cafeterias and childcare services	 Determining the feasibility of some employees participating in a commute program 	

* The Choose Your Way Bellevue program has tools to help you assess these elements.

A sample Worksite & Facilities Assessment Checklist form is provided below.

If your company or building is interested in conducting a worksite and facilities assessment, contact a

Choose Your Way Bellevue employer representative for assistance.

Sample Worksite & Facilities Assessment Checklist

Name of Company/Worksite:				
Person conducting worksite analysis:				
Date analysis was conducted:				
Worksite Location:				
Address:				
Worksite/Building Description:				
Buildings at Worksite:				
Approximate Acreage:				
Managing Company (if applicable):				
Parking Availability:				
Total # of on-site spaces:				
Company leased/owned off-site spaces:				
Other available off-street spaces:				
Cost per parking space, for leases:				
Preferential parking spaces for:				
Carpool (# of spaces)				
Vanpool (# of spaces)				
Do you charge for employees to park?				
YesNo	\$	/emp./mo.		
Is there an abundance of free parking nearby?				
Yes No				

Do you provide cash subsidies for employee parking?

Yes	No

Freeway and Street Access:

Closest Freeways:

1)	Off-ramp #:	Distance from worksite:	
2)	Off-ramp #:	Distance from worksite:	
Major Arterials	:		
North-south:	1)	2)2)	
East-west:	1)	2)	
Transit Access:			
Routes Serving	Area:		
Bus #:	_Origin/Destination:	Frequency:	
Bus #:	_Origin/Destination:	Frequency:	
Bus #:	_Origin/Destination:	Frequency:	
Bus #:	Origin/Destination:	Frequency:	
Bus #:	_Origin/Destination:	Frequency:	
Bus #:	Origin/Destination:	Frequency:	

Bicycle Facilities:

Check whether available or not available at the worksite:

	Available	Not Available	Amount	Capacity
1) Bicycle racks				
2) Clothes lockers				
3) Showers for cyclists				
4) Bicycle path/lanes to site				

Pedestrian Access:

Describe pedestrian access to the worksite:

Please describe any additional site characteristics that are relevant to developing a commute program strategy (e.g. sidewalks, lighting, traffic, safety, crosswalks, signals, on-site amenities):
